1979

Caerlaverock Primary 40th Anniversary Celebration!

2019 sees our wee school reaching the ripe old age of 40! It's amazing to think that in 1979 the school opened bringing together the two original schools of Glencaple Primary and Hutton Hall Primary.

To mark the occasion, we are going to be holding a 'Look Back at Caerlaverock Primary' drop in evening, to allow for anyone who has been associated with the school over the years, to come in and re-live their past, and compare to that of the present!

This will be happening on **Wednesday 3rd April between 5pm and 7pm** and there will be light refreshments available.

The plan is to decorate the school with memorabilia from the past and present and show how some things have changed, and some things have not! To that end, it would be fantastic if you have, or know of anyone that has anything that could be handed in to school for display purposes. This could be...

Photographs – year classes, individual, school, events, excursions etc.

Old News – reports, newspaper cuttings, celebrations, rewards etc.

Miscellaneous Objects – books, completed work, achievements etc.

Year books or P7 leaver books or anything else similar.

Anything else associated with the school or even associated with the two schools before they joined!

If you do have such a thing and would like to lend it to the school for this evening, please get in touch with the school, or pop in and drop it off!
